Setting Up Your TT YouPayNothing Digital Card

Never pay out of pocket again. Use the YouPayNothing card at any medical facility accepting MasterCard contactless payment.

How it works

For iPhone

1. Open the **iPhone Wallet app**.
2. Tap the **'+' icon** in the upper right corner.
3. Select **'Debit or Credit Card'**.
4. Scan or **'Enter Card Details Manually'** for your TT YouPayNothing card.
5. Follow the on-screen instructions to **verify your card**. A one-time code may be sent to your phone.

For more instructions, click [here](#). Once verified, your **TT YouPayNothing** card is ready to use with Apple Pay.

For Android

1. Open the **Google Wallet app** (or download it from the Play Store).
2. Tap the **'+ Add to Wallet'** button.
3. Select **'Payment Card'** and then tap **'New credit or debit card'**.
4. Scan or 'enter details manually' for your **TT YouPayNothing card**.
5. Follow the instructions to **verify** the card. A one-time code may be sent to your phone.

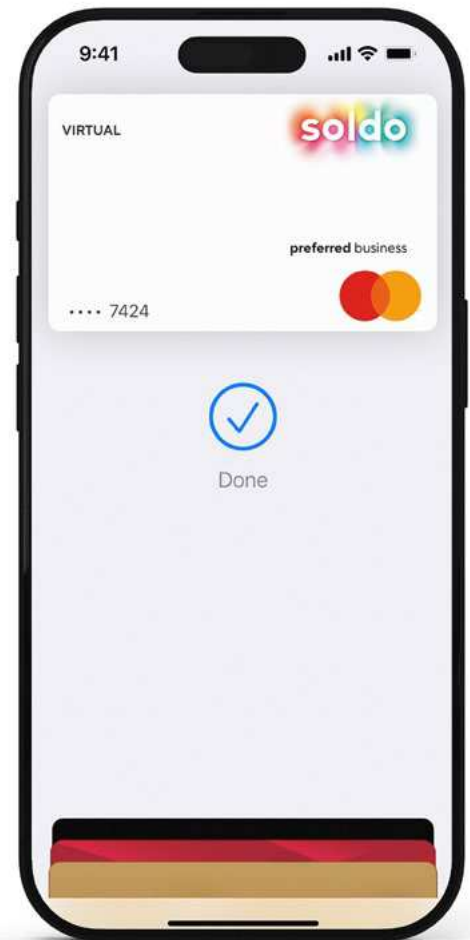

For more instructions, click [here](#). Once verified, your **TT YouPayNothing** card is ready to use with Google Pay.
